

## ZINC PLATED WALL MOUNTED SACKHOLDER

Zinc-plated frame

Manufactured in the UK

Available with or without a lid

### TECHNICAL SPECIFICATIONS

## ZINC PLATED WALL MOUNTED SACKHOLDER

### FEATURES

- A wall-mounted sack holder can be a functional and inexpensive solution for the collection of waste in homes and businesses alike without up taking up the regular floorspace a traditional waste receptacle would.
- Manufactured with a zinc-plated frame and hard-wearing rubber lid, making this suitable for external or internal use. It features an easy lift up lid with a bungee cord to keep the liner in place.

### SPECIFICATIONS

- Manufactured in the UK
- Zinc plated steel frame with rubber lid
- Available with either coloured lids or without lid
- Available in Red, Blue, Green or Black
- Dimensions (mm) H150 x W425 x D485mm
