CONSORT SMART-E LITTER BIN

85L

FEATURES

- The Consort Smart-E Litter Bin helps facilitate waste management in high-traffic areas while recycling plastic that would otherwise go to landfill.
- Manufactured in the UK, this bespoke rubbish bin is custom-made to order, and so no two receptacles are the same.

Specifications

- Made from 100% recycled plastic chippings from bins no longer in circulation.
- Hooded design with double aperture.
- Includes a plastic liner as standard, galvanised steel options available.
- Suitable for indoor and outdoor applications.
- Tamper-resistant plunge locking.
