DOMED TOP RECYCLING BIN

84L

FEATURES

- Made from medium-density polyethylene, a weather-resistant plastic that will not rust, corrode, or fade, it is the perfect choice for schools, sports centres, shopping areas, and public parks, and ideal for car parks and business premises.
- This Domed Recycling Bin comes in 9 colours, and it is available with a slot, circular, or side aperture.
- It includes recycling graphics as standard, with ten options available for all types of waste including plastic bottles, food waste, mixed recycling, paper, and glass.
