MIRAGE STACKED SENSOR 3 COMPARTMENT RECYCLING BIN 60L

FEATURES

- Ideal for areas which have limited floor space, the Mirage Stacked recycling bin features 3 separate compartments, a 30-litre capacity for the collection of waste and then 2 smaller 15 litre compartments for the segregation of recycling.
- This stylish sensor bin is manufactured from brushed stainless steel with a fingerprint-proof coating, it contains a soft closing sensor-operated lid for hygienic hands free disposal.

SPECIFICATIONS

- 3 Compartment with a total capacity of 60 litre
- Available in either brushed stainless steel or black
- Operates on 6 x AA batteries (not included) or via mains power via a supplied USB cable
