Capacity

Premium quality galvanised steel construction

Galvanised top liner for holding plants  
and flowers

TECHNICAL SPECIFICATIONS

## PLANTER LITTER BIN

# 90L

### FEATURES

- This bin is made from galvanised steel, which is rust and corrosion resistant, making this a durable and hard-wearing unit, perfect for heavy use. The planter bin is available in a wide range of colours and has a generous capacity of 90 litres.
- The back of the planter bin opens for ease of access to change the bin, with handles on the internal liner to further the simplicity of using this unit.
- The top of the bin offers a 32-litre capacity for your plants or flowers of choice. There is no drainage in the bin, so be sure to consider this when choosing where to put your bin.
- The smart and elegant bin offers an effective way to handle waste responsibly without compromising on style.

### SPECIFICATIONS

- Stylish design to enhance office environments.
- Premium quality galvanised steel construction.
- Powder coated in a choice of RAL colours.
- Custom-sized polythene internal liner.
- Galvanised top liner for holding plants and flowers.
