## TECHNICAL SPECIFICATIONS

## RECYCLING BIN WITH PUSH LID

# 70L

### FEATURES

- Ideal for schools, universities, hospitals, commercial kitchens, and industrial working environments, this large 70 Litre Recycling Bin with Push Lid Aperture is available in 5 attractive colours to complement both indoor and outdoor locations.
- Manufactured from weather-resistant powder coated steel, this hardwearing Recycling Bin features a galvanised steel inner liner that can be accessed via the front panel for emptying and cleaning, and a self-closing aperture that closes swiftly after each use to prevent unpleasant odours from escaping.
- Available in Blue, Green, Grey, Red and Yellow, this is a great value receptacle for business premises and public area.
